Hi 🖐️ I'm Samuel. I live in a very small house with my family. My parents are very organize so we have many house rules that we must respect and follow everyday. Firstly, every morning before breakfast I must make my bed. I am the smallest in the family so I must listen to my brothers and sisters. My father gets angry when we fight, so we must not fight at home nor at school. I have the best family because we must share everything in the house, and be loving. Helping our friends and family are important so we must do that too. .
